Function registry by mathematical and novelty status
Transfer-block sections
Transfer exponentials
Universal transfer denominator
Transfer secants
Transfer tangents
Congruential Euler blocks
Higher congruential Euler powers
Block-Appell polynomials
Transfer-secancy parameter polynomials
Euler-transfer theta polynomials
Spectral block zeta
Residue-weighted block zeta
p-adic transfer avatars
Packet resolvent functions
Nonlinear packet-tree functions
classical boundary
explicit derived
candidate-new
operator/schema
